

# Nursing Home Antimicrobial Stewardship Guide

## Minimum Criteria for Initiating Antibiotics for a Urinary Tract Infection

For residents without an indwelling catheter, initiate antibiotics if the resident meets criteria of one of three situations:

1. ~~the~~ ~~h~~

OR

2. ~~F~~

3. ~~Eliminate~~ ~~antibiotics~~
4. ~~Reduce~~ ~~antibiotic~~ ~~use~~
5. ~~Use~~ ~~antibiotics~~ ~~appropriately~~
6. ~~Engage~~
