

AHRQ's Surveys on Patient Safety Culture™ (SOPS®) Program

Caren Ginsberg, Ph.D.

Center for Quality Improvement and Patient Safety, AHRQ

Agency for Healthcare Research and Quality

- AHRQ is:

A research and science-based agency of the US Department of Health and Human Services that supports evidence-based practices.

The lead Federal agency charged with improving the safety and quality of America's health care system.

- AHRQ is not:

A regulatory agency. AHRQ can not require the use of our tools and products.

AHRQ's Core Competencies

- **Health Systems Research:** Invest in research and evidence to make healthcare safer and improve quality.
- **Practice Improvement:** Create tools for healthcare professionals to improve care for their patients.
- **Data & Analytics:** Generate measures and data to track and improve performance, and evaluate progress of the US healthcare system.

AHRQ Patient Safety Priorities

- Focus on areas of greatest impact
- Extend patient safety improvement to all settings
- Prevent HAIs, reduce antibiotic resistance
- Build capacity in the health care system to accelerate safety improvements
- Improve communication and engagement between clinicians and patients
- Make the safe thing the easy thing to do
